CYCLE FOR CAMPHILL – FAMILY FRIENDLY ROUTE

The Cycle for Camphill family friendly route, is a 5 mile route on traffic free paths. This pretty route takes in a number of points of interest and photo opportunities, as it meanders past Willen Lake and the Grand Union canal, local art works and is suitable for all abilities.

The route starts at Camphill and follows the redways down to Willen and then along Willen Lake North. We pass the famous Milton Keynes Peace Pagoda, before continuing on and shortly cycling past the Parks Trust Tree Cathedral.

Peace Pagoda

Tree Cathedral

We then follow the path towards the Grand Union Canal and we cycle along the tree lined path, enjoying the views of the narrow boats on the canal.

This trail then passes various art works by local artists as part of the Gyosei Art trail. Read more here - Gyosei Art Trail

The first of this is a frog bench – you may like to stop here for a breather and take a photo on this fun bench.

Frog Bench – sculpted by Rob Griffiths

Bird enamals – artist – Laura Boswell

The route continues under a bridge past a number of enamel art works of birds, before continuing to the next art work of a steel horse sculpture. Another photo opportunity.

Shire horse in steel – sculpted by Andrew Kay

Three post bench – Jeremy Turner

You turn around at this point and ride over the canal bridge. On the other side of the canal is another art work a colourful three post bench.

It is then only a short ride back to Camphill, cycling along the other side of the tree lined canal.
